Welcome Message

Dear Colleagues,

On behalf of the Egyptian Society of Radiology & Nuclear Medicine (ESRNM), I invite you to our 51st Annual Conference, held from 11th to 14th of October 2017 in Hurghada, Red Sea, Egypt.

On the unique location of Red Sea, we hope to deliver a well-organized meeting, that rises up and exceeds the expectations and the standards of the prestigious Society of Radiologists.

An assembly of Proficient Radiologists gathering under the same roof for Three days, to share their experiences, convey their vast knowledge and follow up on the latest updates in the enormous and ever-progressing field of Radiology.

Beside the scientific conference, an exhibition of state-of-the-art radiological devices will be held, with participation of the biggest manufacturers, bringing together the best of both worlds to a myriad of information exchange and discussions among the attendees.

We care to deliver solid and credible scientific sessions, and not to forget, an enchanting social program, that shall promote a spirit of togetherness and unity among all esteemed participants.

Last but not least, we kindly, give our sincere thanks and appreciation to all involved in planning, organization and supporting this mega event.

Prof. Hosni Abdel Ghani
President of the Conference

Abdominal Imaging
Program
ESRNM Board

Prof. Tarek El-Diasty
President

Prof. Sayed Ghoneim
Secretary General

Prof. Hany Hafez Lotfy
Assistant Secretary General

Prof. Mohammed Abo El-Hoda
Treasurer

Prof. Alaa Akl

Prof. Adel Ramadan

Prof. Ashraf Selim

Prof. Hesham Moustafa

Prof. Hosny Abd El-Ghany

Prof. Hossam Zaytoun

Prof. Moharram El-Badawi

Prof. Mohamed Taema

Prof. Sameh Hanna

Prof. Salah Tantawi

Prof. Wahid Tantawi

ABDOMINAL IMAGING Program 3
Honorary President of the Conference

Prof. Mohamed Abdelwahab Mahmoud
Honorary President of conference

Egypt

[THE GODFATHER OF EGYPTIAN RADIOLOGY]

As Egypt’s leading voice in radiology, Prof. Abdel Wahab continues to inspire generations to achieve their goals.

Since becoming a lecturer of radiology at Cairo University in 1950, he has become an established authority in this field. In 1954, he was one of the first Egyptians to acquire the FRCR from the Royal College of Radiology, UK, after his two years fellowship training overseas.

After his appointment as Chairman of the radiology department of Cairo University in the late sixties, he introduced the first CT scanner to Egypt in the seventies.

He used his exceptional managerial skills to upgrade post graduate education. During his assignment as a Deputy Dean of Cairo University.

Where In 1983, he founded the first private radiology center in the Middle East “Cairo Scan”.

Prof. Abdel Wahab’s stellar academic record and passion for Radiology, drove him to co-found the Egyptian Society of Radiology, Radium and Radio Active isotopes (Later changed to The Egyptian society of Radiology and Nuclear Medicine) that he later became the president in early seventies till mid nineties.

In 1990, he was appointed member of the executive committee of the International Society of Radiology (ICR).

With decades of medical expertise, Prof. Abdel Wahab continues to be on the forefront of radiology, guiding current and future generations and with no doubt the Godfather of all Egyptian radiologists.
Adrian K. Dixon was Master of Peter house, the oldest College at Cambridge University from 2008-2016. He is Emeritus Professor of Radiology, having been head of the University Department of Radiology for 15 years. He was also an honorary consultant radiologist at Addenbrooke’s Hospital, Cambridge for 35 years.

Throughout his career, Prof. Dixon has been actively engaged in the field of scientific publishing, as both author and editor. He has published extensively in the areas of computed tomography, magnetic resonance imaging and various aspects of effectiveness within radiology. This is in addition to having written and co-edited various books on CT, anatomy and diagnostic radiology. He was Chairman of the Royal College of Radiologists' Guidelines Working Party 1993-1998. He also served as editor of the journal Clinical Radiology from 1998 to 2002 and Warden of the Faculty of Clinical Radiology of the RCR from 2002 to 2006. He was awarded Fellowship of the Academy of Medical Sciences in 1998.

In 2007, Prof. Dixon was appointed editor-in-chief of European Radiology, where he served until December 2013. His tenure as editor saw a steady increase in submissions and consolidation of the journal’s impact factor. He has received a number of awards throughout his career and he is an honorary member of the national radiological societies of Austria, France, Hungary, Spain, Sweden, Switzerland and the USA, as well as being an honorary fellow of the American College of Radiology, the Royal Australian and New Zealand College of Radiologists, The Hong Kong College of Radiologists and the Faculty of Radiologists at the Royal College of Surgeons in Ireland. In recent years, both Cork and Munich have awarded him honorary doctorates in medicine. At ECR 2014 he was awarded the Gold Medal of the European Society of Radiology.
Guest Speakers

Bijan Bijan,

MD, MBA, MHA, MPH, CIIP
Sutter Imaging-Sacramento
Professor of Nuclear Medicine & Radiology (W.O.S.)
University of California Davis Medical Center
Sacramento, California, USA

Dr. Bijan has been affiliated with University of California, Davis for the past 20 years and currently is Clinical Professor (WOS), involved in training of over 200 radiology residents and fellows. He has initiated many clinical projects, mainly involving functional MR Imaging (DWI) and Molecular Imaging (PET/FDG) in oncology. He regularly lectures on the results of his projects at numerous regional, national and international scientific conferences, authoring numerous posters, scientific paper presentations and CME/SAM sessions.

He wrote numerous book chapters including Oncologic PET Imaging chapter in Fundamental of Diagnostic Imaging. He has been invited over 300 times in the past 20 years as lecturing guest professor to numerous universities and institutions and has given numerous scientific prestigious awards. Dr. Bijan has been serving as an examining member on the American Board of Radiology for the past 12 years. He serves on editorial board for numerous national and international scientific journals, including International Journal of Cardiovascular Imaging.

Currently practicing at Sutter Imaging, he pursues his academic carrier focusing on High-end Oncologic Imaging, emphasizing on MR and PET applications. He is senior member of numerous scientific societies including SAR, STR, NASCI, RSNA, SNMMI, WRSNRM and currently the chairman of North California Chapter of SNMMI.

Aside from scientific activities, Dr. Bijan is heavily involved in Radiology Management and Imaging Economics conducting numerous conferences in these areas. Over the past 5-10 years, he has given numerous Leadership & Strategic Planning lectures.
Guest Speakers

Leon Janse Van Rensburg,
Capetown/South Africa

Professor Leon Janse van Rensburg has been the Congress Chair of the Radiological Society of South Africa (RSSA) for the past 10 years, spearheading a vibrant and sustainable CME and Education programmer. He has a keen interest in all aspects of Radiology education and training in South Africa and Africa as continent, against the background of limited resources. He is a member of the ISR EXCOM since 2016 ASR Board member from 2018 and ISRMRM Global Outreach Coordinator for Africa and the Middle East.

He was awarded the degree Doctor of Science by the University of the Western Cape in 2004.

He is currently also Extraordinary Professor, Department of Radiology and Diagnostics, University of the Western Cape and Consultant Radiologist, Department of Medical Imaging and Clinical Oncology, Tygerberg Hospital-University of Stellenbosch.

Apart from being invited as lecturer and speaker to numerous international and national congresses, teaching courses and workshops, he authored over 30 peer reviewed publications.
Professor Morcos was a Consultant Radiologist at Sheffield Teaching Hospitals, UK. Retired in 2011 but retains his association with the University of Sheffield as Emeritus Professor of Diagnostic Imaging.

He was the President of the European Society of Urogenital Radiology (ESUR) from 2006-08 and Secretary of its Contrast Media Safety Committee from 1994 to 2012.

Professor Morcos was the associate editor of the British Journal of Radiology for more than 10 years and Deputy Editor of European Radiology from 2007 to 2010. He is the author of many scientific papers and chapters in textbooks.
Dr Kasznia-Brown is a Consultant Radiologist, with sub-specialization in cross-sectional imaging and pediatric radiology.

Radiology lead in the International Committee, Royal College of Radiologists, London, she has been actively involved in radiology projects worldwide as an International Radiology Expert and Advisor. She is an international consultant for the International Atomic Energy Agency (Vienna) and World Health Organization (Geneva).

Dr Kasznia-Brown is also a member of the Executive Committee of British Society of Pediatric Radiology and Chair of the Pediatric MRI Committee.
Guido M. Kukuk, MD is a radiologist and head of Magnetic Resonance Imaging in the Department of Radiology at University of Bonn. He has joined the department in the year 2003 and received his board certification in radiology in 2010. His clinical specialties are abdominal and urogenital imaging.
Guest Speakers

Anusha Naidoo,

Sydney/Australia

Anusha Naidoo trained in Australia and New Zealand and was extensively involved in governance within the Royal Australia and New Zealand College of Radiologist where she chaired the Standards of Practice and Accreditation Committee as well as serving as a counselor on the Faculty council. She is also a part two examiner.

She was part of a presidential taskforce reviewing the need for Imaging Guidelines and has presented internationally on imaging guidelines.
Day 1

Wednesday 11 October

Wednesday 11 October Morning and early afternoon.
Arrival, check in and Registration.

Wednesday afternoon 5 PM (Opening Ceremony)
Welcome talk  Prof. M. Abd Elwahab
(The godfather of the Egyptian Radiology)

Memorial Lecture  Prof. Dixon Cambridge University
Has imaging become too successful?  45 min.

6-8 PM  (Liver Imaging)
Dr. Guido M. Kukuk University of Bonn GERMANY
Liver MRI: Basic and advanced techniques  30 min.

Prof. Bijan Bijan
(Sutter Imaging /Univ of California – sacramento)
New Standards of Liver Imaging & Reporting: LIRADS 2017
update  60 min.

Dr. Guido M. Kukuk University of Bonn GERMANY
Liver MRI with extracellular and heptocyte specific contrast
agents  30 min.
Day 2
Thursday 12 October

Thursday 12 October (4-5:30 PM)
Prof. Dixon  Cambridge University
CT for the acute abdomen 45 min.

Prof. Bijan Bijan (Sutter Imaging /Univ of California – sacramento)
Hybrid Imaging: Oncologic PET/CT Application in GI Malignancies
45 min.
Day 2
Thursday 12 October

Thursday 12 October (5:30-7 PM)
Hot Topic Session: What the Radiologist Needs to Know to Improve Practice?

1- Bijan Bijan (USA)
-Sutter Imaging/Univ of California – sacramento ) strategic Planning: An expert point of view 15 min.

2-Anusha Naidoo (Australia)
Appropriate imaging of the pediatric abdomen and the use of clinical Imaging Guidelines 15 min.

3-Joanna Brown (United Kingdom)
Leadership and quality improvement projects 15 min.

4- Leon Bersburg ( South Africa)
Challenges of Radiology in South Africa: A two tier system 15 min.

5-Dina Husseiny ( Egypt)
Define your job goals and follow adjusted guidelines in radiation protection 2017 15 min.

6-Sameh Morkos ( UK)
Good Medical Practice 15 min.
Day 2
Thursday 12 October

Thursday 12 October (7: -8 PM).
Junior Session (case Presentation) competition between Radiology interns in different University.

- Competition will by judged by guest speakers
Day 3
Friday 13 October

Friday 13 October (10 -11:30).
Prof. Dixon_Cambridge University
Pitfalls in abdominal CT  45 min.

Dr.Joanna Brown (United Kingdom)
Imaging of small bowel - fluoroscopy,
CT enterography or MRI?  45 min.

Friday 13 October (1 -2)PM
Dr.Joanna Brown (United Kingdom)
Imaging of pediatric abdominal emergency conditions  30 min.

Prof. Dixon_Cambridge University
Advice on Publishing for Radiologists  30 min.

Friday 13 October (5 -7)PM
Free Talk : Papers presentation  60 min.

Closing Ceremony  60 min.
